PERSONAL STATEMENT

Playing softball not only gave me a great opportunity to be a better athlete, but to be a better student. I have consistently been a well rounded student throughout my years in high school, pushing myself to do courses of higher difficulty. With that I've also dedicated most of my time to working on my craft, softball and aspiring to get to the next level. Athletically, I keep the defense on their toes with their uncertainty of whether I'm going to slap, bunt, or hit away. Defensively, I hold my ground and go for anything no matter speed or power. I dream to go to school that has a strong kinesiology and business management program, to one day open my own business that specializes in physical rehabilitation. I believe that with hard work and dedication I can one day be successful with all my desires.
